

BioMend+

A completely water-soluble, super-concentrated blend of beneficial garden microbes. This product is the perfect multi-tool for large-scale agricultural operations and home gardeners alike. BioMend+ can be used as a compost accelerator when sprinkled into your compost bin. Additionally, you can use BioMend+ for fertigation, to improve rooting, as a foliar spray, as a soil drench, and as a microbial inoculant in dry soil or fertilizer mixes. This product includes streptomyces, a highly sought-after agricultural microbe.

AVAILABLE SIZES:

Case of 6 x 4oz jars
Case of 12 x 4 oz jars
Case of 6 x 1 lb jars
Case of 4 x 5 lb Buckets
30lb Buckets

BENEFICIAL MICROBES:

Bacillus subtilis, Bacillus licheniformis, Paenibacillus polymyxa, Bacillus pumulis, Paenibacillus durum, Bacillus amyloliquefaciens, Streptomyces lydicus, Streptomyces greiseus, Trichoderma harzianum, Trichoderma Viride
1 Billion CFU/ Gram

COASTBIO

BioMend+

BioMend+ Soluble Concentrate

CONTAINS NON-PLANT FOOD INGREDIENTS

Contains the following species of beneficial microorganisms

Bacillus subtilis.....	187,300,000 CFU/g
Bacillus licheniformis.....	187,300,000 CFU/g
Paenibacillus polymyxa.....	187,300,000 CFU/g
Bacillus pumilus.....	187,300,000 CFU/g
Paenibacillus durum.....	162,300,000 CFU/g
Bacillus amyloliquefaciens.....	162,300,000 CFU/g
Streptomyces lydicus.....	8,300,000 CFU/g
Streptomyces greiseus.....	8,300,000 CFU/g
Trichoderma harzianum.....	7,900,000 CFU/g
Trichoderma viride.....	1,700,000 CFU/g

DIRECTIONS FOR USE:

Use as Microbial Inoculant for Soils

Seed/Sod Installation: Apply 1-2 oz per 2500 square feet, then seed or lay sod.

Soil Prep for Gardens and Flower Beds: Apply 0.5-1 oz pounds per 1000 square feet. In very poor soil, double the rate.

Potting Mix: Mix into potting soil at a rate of 1 pound per cubic yard.

Fertilizer Mix: Add 5 pounds per ton.

Top Dressing: Apply one 1-2oz per 2500 square feet. Reservoir: 1-2 grams per 10 gallons of reservoir.

Field Application: Apply 2lbs per acre.

Mix concentrated product with water, mixing thoroughly before application. Product is suitable for most irrigation systems.

Caution: Store product in cool dry conditions. Do not expose inoculants to direct sunlight for extended periods of time. Always wear a dust mask when handling.

Statement of Claims: CoastBio certifies that the product contains the micro-organism listed on the label at the CFU count as stated. The organism(s) are sensitive to environmental conditions and CoastBio is unable to make any guarantees beyond the above statement.
